Description

Fischer Clear Compartment Boxes (6 Compartment) are designed to organise components and small parts within professional workspaces. Made from co-polymer, the boxes offer durability and clear visibility of stored items. The six compartments facilitate efficient categorisation and quick identification, supporting a streamlined workflow for trade professionals. The design allows for precise organisation, ensuring that essential tools and supplies remain neatly arranged and easily accessible.

Features

- Built from durable co-polymer for extended performance
- Clear design enhances quick visual inspections
- Six compartments facilitate efficient item organisation
- Designed to simplify access in confined indoor spaces
- Securely constructed for reliable separation and management
- Transparent construction supports rapid visual checks
- Precision manufacturing ensures uniform box dimensions
- Trusted FISCHER quality underpins durable compartment performance
