Description

Fischer Visi Pak (Medium) 154x126x180mm is a clear compartment box made from GP Styrene designed for indoor use. Developed by FISCHER, it provides a practical solution for organising tools, equipment, and small parts in trade and technical environments. Its clear design enhances component visibility and streamlines maintenance tasks, ensuring reliable and efficient retrieval while contributing to better organisation and workflow in everyday operational settings.

Features

- Constructed from durable GP Styrene
- Clear design enables easy visual content identification
- Dimensions 154x126x180mm maximise internal capacity
- Designed solely for indoor use in workspaces
- Precision moulded components ensure reliable production quality
- Multiple compartments support organised item storage
- Reinforced build provides secure content storage
- Simple maintenance free design promotes hassle free usage
