Description

Fischer Visi Pak (Large) 208x167x235mm is a compartment box designed for trade professionals seeking practical solutions for orderly storage and retrieval. Constructed from GP Styrene with a clear finish, it provides visible segregation of small components while maintaining a compact form factor. Its indoor design enhances workspace organisation and facilitates efficient access to frequently used items.

Features

- Clear GP Styrene construction provides durable, precise compartment design
- Multiple compartments enhance internal organisation and component separation
- Compact dimensions ideal for workspace integration
- Designed for secure internal storage and easy access
- Engineered GP Styrene ensures consistent clarity and strength
- Precise dimensions 208x167x235mm support efficient internal arrangement
- Clear design aids quick visual component inspection
- FISCHER quality ensures lasting performance and reliable usability
