Description

Fischer 2 Drawer Organiser Inserts (Special Order) are precision-engineered grey drawer organisers made from co-polymer. They are designed to improve storage organisation by optimising access to essential components. Offering clear separation and methodical placement, these organisers assist industrial and trade professionals in maintaining secure, orderly workspaces. The robust construction and practical design ensure reliable performance for diverse maintenance tasks and trade operations under everyday conditions.

Features

- Constructed from durable co-polymer material
- Suitable for customisable drawer organisation layout
- Robust design ensuring reliable performance
- Easy to install with precise dimensions
- Enhanced visual consistency with grey finish
- Optimises storage space with clear layout division
- Manufactured by the recognised FISCHER brand
- Available as a special order for tailored needs
