Description

Fischer Stor Pak 240 Dividers are stackable storage bins produced by FISCHER and crafted from GP Styrene. They are designed for effective organisation of components in indoor settings, offering a robust and space-efficient solution for trade professionals. The bins ensure consistent performance through clearly defined compartments, allowing users to maintain precise storage setups. Their modular design provides practical advantages for streamlining workflows and managing tools efficiently.

Features

- Simple assembly allows rapid setup and configuration
- Robust black finish provides a professional appearance
- GP Styrene offers strength and lightweight performance
- Designed for efficient space organisation and visual accessibility
- Streamlined design eases tool storage and part organisation
- Divider system allows custom compartment organisation
- To suit 240 bins
- Made in Australia
