

Description

Fischer Stor Pak Dividers are stackable storage bins constructed from GP Styrene in a black finish. They offer practical organisational solutions by facilitating orderly compartmentalisation and simple access for trade professionals. Designed for indoor use, these bins provide efficient stacking and clear separation of components, enhancing workflow and space management. Their robust construction and straightforward design contribute to a reliable system for maintaining a tidy and accessible workspace.

Features

- Stackable design saves valuable workspace
- Constructed from durable GP Styrene material
- Black finish provides modern minimal appearance
- Simple integration with existing storage systems
- Designed for indoor use and easy assembly
- Robust construction withstands everyday operational demands
- Clear compartment organisation supports orderly workspace management
- Engineered for durability and long lasting performance

Product Code: F1H-058
