Construction

Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Orange 0.5L Stor Pak (Special Order) offers a durable and efficient solution for storing small items securely in a compact design. Manufactured from polypropylene, this stackable storage bin provides reliable indoor storage with robust and lightweight construction. Its vibrant orange colour and secure design support easy organisation, making it valuable for professionals seeking dependable storage solutions in commercial settings and trade operations.

Features

- Durable polypropylene construction designed for secure vertical stacking
- High-visibility orange colour enhances easy identification in storage
- Stackable design enables efficient storage and organised inventory
- Precision moulding ensures uniform stacking and consistent alignment
- Lightweight design simplifies relocation and modular reorganisation
- Robust bin rims support repeated stacking without compromising form
- Secure lid lockdown reduces accidental displacement during handling
- Engineered for long service life in challenging indoor conditions
