Description

Fischer Yellow 0.5L Stor Pak is a stackable storage bin crafted from polypropylene with a distinctive yellow finish. Its design optimises indoor organisation by providing secure stacking for components and supplies. The bin's space-efficient solution enables clear visual identification and individual stacking, benefiting trade professionals who require reliable, systematic storage for everyday operations. The durable construction and practical design support effective utilisation in various work settings.

Features

- Stackable design for efficient storage and organisation
- Durable polypropylene construction withstands routine handling
- Bright yellow finish for clear visual identification
- Compact 0.5L capacity for space-saving arrangements
- Secure stacking mechanism prevents accidental dislodgement
- Fits readily into standard shelf and drawer setups
- Low maintenance design reduces upkeep time
- Lightweight construction for easy movement and storage changes
