Description

Fischer Blue 1L Stor Pak is a stackable storage bin constructed of polypropylene optimised for indoor organisational tasks. It offers efficient stacking and clear categorisation through its distinct blue colouring. Designed to provide robust, space-saving storage options, these bins support trade professionals who require secure and systematic storage of parts and tools. Its reliable construction promotes ease of access and maximises workspace efficiency.

Features

- Durable polypropylene construction ensures robust indoor storage solution
- Stackable design conserves space and improves accessibility
- Blue colour aids quick visual identification
- Precisely engineered bins support secure stacking and reliable storage
- Formulated for easy cleaning and everyday maintenance
- Neat construction supports organised storage and accessible design
- High-quality manufacture maintains dependable function and longevity
- Designed for flexible stacking to improve workspace organisation
