Description

Fischer Red 1L Stor Pak is a range of stackable storage bins crafted from sturdy polypropylene. The bins offer efficient storage and easy organisation of tools and supplies for professionals in industrial and trade settings. Their design supports secure stacking, maximising available space and simplifying accessibility. The red finish aids in clear visual identification while the robust construction ensures long-lasting performance in busy, demanding workspaces.

Features

- Durable polypropylene construction for reliable indoor storage
- Innovative stackable design maximises storage space
- Robust locking mechanism secures stacked bins
- Distinct red finish aids quick visual identification
- Easy interlocking system simplifies storage organisation
- Precise moulding ensures stable uniform appearance
- Engineered for secure stacking and ready access
- Manufactured with precision for practical storage
