Construction

Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Yellow 1L Stor Pak is a stackable storage bin made from polypropylene designed for practical organisation of tools, components and small equipment in indoor environments. Its bright yellow colour promotes visibility and easy identification among stored items. Built for reliable stacking performance, it supports efficient storage management and quick access during everyday operations for industrial and trade professionals. The design focuses on functionality, ensuring a straightforward approach to maintaining well-organised workspaces.

Features

- Durable polypropylene design provides reliable storage system
- Stackable design maximises space in compact storage areas
- Bright yellow colour aids quick visual identification
- Secure interlocking features stabilise bin arrangement
- Designed for indoor use with simplified stacking system
- Smooth surface facilitates easy cleaning and maintenance
- Efficient design supports organised files and small parts sorting
- Ideal stackable structure allows flexible workspace configuration
