

TUB SPECS

Stor-Pak 25 | F1H-062C

Product Code: F1H-062C

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Clear
----------------	-------

Construction

Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Clear 2.5L Stor Pak is a stackable storage bin designed to offer a reliable solution for organising small components in professional settings. Made from durable polypropylene, it provides a clear view of its contents and enables efficient stacking, ensuring ease of access and space optimisation. Intended for indoor use, it supports trade professionals by simplifying storage organisation and contributing to effective inventory management and workflow continuity.

Features

- Durable polypropylene construction for robust storage solutions
- Stackable design maximises available space and organisation
- Transparent clear plastic facilitates content identification quickly
- Simple design ensures clear visibility and easy access
- Secure stacking supports safe and organised storage arrangements
- Precise moulded features provide neat stacking alignment
- Engineered for efficient stacking and space utilisation
- Compatible modular structure integrates with existing storage systems
