

Fischer White 2.5L Perforated Medical Mesh Pak 25 (Special Order)

Description

Fischer White 2.5L Perforated Medical Mesh Pak 25 (Special Order) is a set of white, stackable storage bins made from polypropylene designed for efficient item organisation in controlled indoor environments. The perforated design enhances visual access to contents, while the stackable form facilitates optimal space utilisation. Trade professionals benefit from a practical and durable storage solution that supports clear, systematic management of supplies in diverse work settings.

Features

- Stackable storage bins with secure interlocking design
- Lightweight polypropylene structure offering enduring performance indoors
- White finish enhances aesthetics and cleanliness
- Simple design facilitates efficient organisation and easy stacking
- Ample 2.5L capacity for practical item storage
- Robust construction withstands regular use and handling
- Precision perforated design allows increased ventilation and visibility
- Easy assembly promotes integration with existing storage systems
