Construction

Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Blue 6L Stor Pak is a stackable storage bin constructed from polypropylene with a blue finish, ideal for organised space management and user-friendly stackability. It offers consistent performance and efficient storage for trade professionals requiring tidy, accessible solutions, with a design focused on ease of stacking and clear item organisation. Its robust construction allows reliable handling and optimal use in indoor environments.

Features

- Durable polypropylene construction supports long-term indoor storage
- Stackable design maximises workspace and storage organisation
- Distinct blue finish enables quick visual item identification
- Simple assembly facilitates efficient stacking and retrieval
- Robust build maintains form during regular handling
- Engineered design accommodates secure stacking in confined spaces
- Sleek presentation complements modern workspace aesthetics
- Fischer quality ensures reliable performance for daily storage needs
