Description

Fischer Clear 6L Stor Pak is a clear stackable storage bin constructed from polypropylene that enables efficient organisation of small items and tools. It provides transparent visibility, allowing trade professionals to quickly identify and access contents during daily tasks. The design supports neat stacking and designated storage, ensuring that essential items are kept orderly and readily available for use in varied work settings.

Features

- Durable polypropylene construction ensures lasting performance
- Transparent design allows quick content visualisation
- Stackable bins enable efficient vertical storage
- 6L capacity meets varied storage demands
- Interlocking design provides stable, secure stacking
- Easy labelling surface aids clear bin identification
- Clean, minimalist aesthetics complement any workspace
- Precisely engineered for reliable storage performance
