Description

Fischer Green 6L Stor Pak is a set of stackable storage bins constructed from polypropylene for practical organisation. The green bins offer a stable storage solution for small parts, documentation, and tools used by industrial and trade professionals. They are designed to simplify stacking and retrieval while maximising space efficiency and ensuring a systematic workspace arrangement. This product delivers dependable storage with straightforward application and robust construction.

Features

- Durable polypropylene construction for reliable long-term performance
- Designed for efficient stackability and space-saving storage
- Green finish provides clear brand visual identification
- Engineered with robust interlocking edges for secure stacking
- Lightweight design enhances ease of handling and transport
- Suitable for various small parts and tool storage solutions
- Compact dimensions permit flexible arrangement in confined spaces
- Practical design streamlines retrieval and organisation of items
