

TUB SPECS

Stor-Pak 60 | F1H-063R

Product Code: F1H-063R

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Red
----------------	-----

Construction

Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Red 6L Stor Pak is a series of stackable storage bins produced by FISCHER using durable polypropylene. Their red colour aids in quick visual identification while the stackable design facilitates space optimisation in indoor workspaces. These bins support clear organisation and efficient storage of various components for trade professionals. Constructed with precise dimensions and a robust build, they offer a dependable solution for managing internal storage requirements.

Features

- Stackable design for organised storage with secure interlocking
- Durable polypropylene construction and high resistance to wear
- Compact 6L capacity ideal for tool and equipment storage
- Red finish enhancing visibility in work areas
- Easily stackable for efficient space management
- Simplified design allows for quick and practical access
- Lightweight design facilitates handling and repositioning as needed
- Quality construction ensuring long lasting performance in heavy usage
