Description

Fischer Green 12L Stor Pak is a stackable storage bin designed for efficient organisation in indoor settings. Made from durable polypropylene, it offers a practical and robust solution for storing small to medium-sized items, promoting neat and accessible workspaces. Its stacking design optimises storage capacity and simplifies handling, providing reliable functionality for professionals in trade and industrial settings.

Features

- Durable polypropylene construction for robust indoor storage
- Stackable bins enable efficient space saving storage
- Green colour aids quick identification in busy work areas
- Engineered for straightforward operation and reliable stacking
- Lightweight design supports ease of transport and handling
- High quality polypropylene resists impact and everyday use
- Designed for ease of assembly without extra tools
- Robust design ensures secure and stable stacking configuration
