Description

Fischer White 12L Perforated Medical Mesh Pak 120 (Special Order) is a stackable storage bin manufactured in white polypropylene. It is designed to provide clear organisation and secure containment of items commonly used in professional settings. The perforated design promotes visibility of stored contents while facilitating efficient stacking. Its robust construction supports optimum space management and ease of access, making it a valuable solution for trade professionals seeking practical storage options.

Features

- Stackable design enhances storage organisation
- Manufactured with robust polypropylene material
- White finish offers a clean professional look
- Perforated design improves air circulation
- Efficient form facilitates compact stacking
- Constructed for longevity with reliable build quality
- Simple assembly supports quick setup
- 12L capacity supports organised storage
