Description

Fischer Charcoal 12L Viro Pak 120 (Special Order) is a black stackable storage bin made of recycled polypropylene. It is designed specifically for indoor use and offers an efficient solution for managing and organising materials in trade settings. Professionals appreciate its robust construction, clear design and effective space utilisation that support efficient workflow and accessibility. Its practical design enhances storage reliability while keeping work areas well organised.

Features

- Constructed using recycled polypropylene
- Stackable design saves valuable storage space
- Sleek black finish for modern workspace aesthetics
- Robust build optimises stacking and organisation
- Engineered for secure stacking and easy access
- Efficient design suited for managing bulk components
- Simple assembly supports quick set-up and rearrangement
- Lightweight construction reduces handling effort and transport time
