Description

Fischer Orange 24L Stor Pak is a stackable storage bin by FISCHER made from polypropylene and finished in a vibrant orange hue. It offers a practical indoor solution for organising and managing materials, optimising space utilisation and workflow efficiency. The product's robust construction and simple design make it a valuable choice for trade professionals seeking reliable and efficient storage that supports neat and structured environments.

Features

- Durable polypropylene construction ensures long service life
- Stackable design allows space-efficient vertical storage
- Bright orange finish aids quick visual identification
- Robust design provides secure stacking stability
- Engineered for organised workspace storage
- Easy maintenance due to smooth polypropylene surface
- Designed to nest for efficient stacking when needed
- Secure clips maintain integrity of stack during handling
