Fischer Green 400 Lok-A-Mat (Special Order)

Product Code: F1H-084G

Description

Fischer Green 400 Lok-A-Mat (Special Order) is a green, polypropylene edging product designed for precise indoor installations. Its robust construction and clearly defined contours support accurate separation of treatment areas in layouts. This product is intended for trade professionals seeking practical and effective solutions, offering technical advantages such as ease of integration and clean finishes. The design ensures reliable performance, facilitating efficient project completion with measurable accuracy.

Features

- Polypropylene design ensures robust performance and longevity
- Designed for indoor use with uniform load distribution
- Green colour assists in recognising installation boundaries
- Engineered with precision for straightforward installation
- Reliable performance owing to robust material properties
- Special order product with focused design attributes
- Precision manufacturing supports repeatable performance and simple integration
- Maintains structural integrity under typical indoor in-use conditions

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Green

Construction

Product Material 1	Polypropylene

Dimensions

Product Height (mm)	18
Product Width (mm)	400
Product Length (mm)	400

Weights

Product Weight (kg)	0.814
Product Weight (grams)	814
Volume Capacity (L)	2.30
