Description

Fischer Clear Compartment Boxes (18 Compartment) are built using robust co-polymer material and provide practical organisation for essential tools and components. They offer clear visibility for easy content identification and are designed to streamline routine tasks for trade professionals. Efficient compartmentalisation supports systematic storage and accurate component selection, enhancing workflow and facilitating a methodical approach to storage in work environments.

Features

- Clear design enables quick visual content identification
- Eighteen compartments allow efficient organisation of items
- Constructed from durable co-polymer material
- Robust build founded on practical construction
- Precision engineering yields uniform compartment sizes
- Enhances tool storage with structured internal layout
- High clarity aids in monitoring stored contents
- Compact design fits limited workbench or drawer space
