Description

Fischer Clear Compartment Boxes (6 Compartment) are constructed from Co-Polymer and offer a clear, compartmentalised solution for organising small components. The design supports precise categorisation and efficient internal storage, making it suitable for various trade tasks. The box provides consistent performance and practical functionality, allowing users to sort parts methodically while maintaining easy visibility. Its robust build ensures reliability in routine applications in professional settings.

Features

- Durable co-polymer design for reliable storage
- Clear panels allow quick part identification
- Six compartments for organised tool management
- Easy visibility aids efficient compartment allocation
- Rigid storage solution with secure material integrity
- Simplifies inventory organisation in confined spaces
- Easy access design prioritises workflow efficiency
- Engineered for practicality with structured interior layout
