Description

Fischer Clear Compartment Boxes (1 Compartment) offer a practical solution for organising small items with precision and ease. Manufactured from durable co-polymer, these compartment boxes provide reliable and transparent storage options designed for the systematic arrangement of components. They are constructed for indoor use, supporting trade professionals with a clear and straightforward approach to managing tools and components in confined spaces while facilitating efficient maintenance practices.

Features

- Durable co-polymer construction ensures long-lasting performance
- Transparent finish aids visual inspection of compartments
- Compact design offers efficient workspace organisation
- Single compartment design enables straightforward storage
- High clarity material facilitates quick content identification
- Robust build supports reliable daily usage
- Simple design pairs with various shelving and mounting systems
- Precision fabrication delivers consistent compartment dimensions
