Description

Fischer Medium 400mm Utility Box (Special Order) is a precisely engineered storage solution designed for the safe organisation of components in demanding work settings. Constructed from durable polypropylene in a contrasting black and white finish, it offers practicality and resilience, ensuring secure placement of tools and equipment. Its design supports efficient access and management, making it a valuable asset for trade professionals who require reliable, straightforward equipment handling.

Features

- Polypropylene construction offers durability and extended longevity
- Compact 400mm design facilitates efficient workspace use
- Distinct black and white finish aids clear component identification
- Special order option enables tailored product selection
- FISCHER branding assures quality and reliable performance
- Robust utility box built with practical design principles
- Engineered for steady operation under demanding conditions
- Simple installation and maintenance support streamlined use
