Fischer Module System Frame Ezi Pak (Special Order)

Description

Fischer Module System Frame Ezi Pak (Special Order) is a modular equipment system built from ABS plastic and finished in blue and black for indoor use. It provides practical modular components that allow trade professionals to organise and configure setups efficiently. The system facilitates straightforward installation and adaptable configurations, ensuring that technical tasks and regular maintenance are manageable. Its reliable design is well suited to structured environments where practicality and organised assembly are essential.

Features

- Sturdy ABS plastic construction ensures lasting durability
- Compact design supports efficient indoor space use
- Blue black finish offers a professional appearance
- Modular components simplify system adjustments
- Easy assembly facilitates quick installation
- Engineered for reliable performance with minimal maintenance
- Precision connectors maintain robust structural integrity
- Customisable layout supports varied installation configurations

Product Code: F1H-156

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Blue/Black

Construction

Product Material 1	ABS Plastic

Dimensions

Product Height (mm)	265
Product Width (mm)	440
Product Length (mm)	420

Weights

Product Weight (kg)	5.02
Product Weight (grams)	5,020
Volume Capacity (L)	39.18
