Description

Fischer Clear Store Tub 32L (Special Order) is a stackable storage bin crafted from clear polypropylene for effective organisation of tools, components and supplies in professional settings. Its robust and modular design allows for efficient use of valuable indoor space, ensuring visibility and ease of access to stored items. This practical solution supports clear labelling and systematic storage, making it a reliable asset for trade professionals seeking to enhance workplace productivity.

Features

- FISCHER design crafted from robust polypropylene
- Clear container for quick visual content recognition
- Stackable design aids efficient storage organisation
- Available as a special order 32L capacity unit
- Precision manufacturing ensures reliable construction quality
- Uniform dimensions provide consistent stacking performance
- Simplified design supports practical workspace organisation
- Indoor use configuration optimises workflow management
