Product Material 1	Polypropylene
--------------------	---------------

Description

Fischer Blue Store Tub 52L Nesting Crate is a robust stackable storage bin manufactured by FISCHER, utilising polypropylene for reliable daily use. Its nesting design offers efficient space management and simplifies organisation in busy professional settings. The blue colour provides clear visual identification, while the modular structure enables precise stacking to optimise storage capacity. This crate delivers practical advantages for trade professionals managing equipment and supplies.

Features

- Precision engineered polypropylene construction ensures durable and reliable performance
- Stackable design optimises storage space and organisational efficiency
- Nesting feature allows compact stacking and easy retrieval
- Generous 52L capacity supports varied storage requirements
- Blue colour provides clear visual identification in cluttered areas
- Robust design ensures reliable deployment in everyday storage applications
- Ergonomically designed for easy lifting and handling procedures
