Description

Fischer Clear Store Tub 52L Nesting Crate is a durable, clear stackable storage bin constructed from polypropylene. It is designed for reliable organisation and secure transport of tools and materials, enabling trade professionals to maintain an efficient work environment. The stackable design optimises space usage and facilitates easy handling, while the clear appearance allows for quick identification of contents, supporting practical and streamlined operations in professional settings.

Features

- Polypropylene build provides durable solutions for everyday storage
- Clear design allows quick visual content identification for swift access
- Stackable design saves space via simple nesting mechanism
- Robust construction withstands regular indoor use for dependable performance
- Ergonomic shape facilitates easy transport and indoor handling
- Innovative nesting mechanism simplifies stacking and storage organisation
- Practical dimensions suit diverse storage needs and layouts
- Clear transparency aids content identification for prompt retrieval
