Description

Fischer Blue Store Tub 68L Nesting Crate is a stackable storage bin manufactured by FISCHER using polypropylene in a blue finish, designed for indoor sorting and organised storage. Its nesting feature allows for efficient space utilisation in storage rooms, workshops and trade environments. The robust construction offers reliable performance during handling and transit, delivering practical benefits to professionals who value consistent and optimised storage solutions for daily operational needs.

Features

- Durable polypropylene construction ensures lasting storage solutions
- Stackable design for efficient space utilisation
- True nesting feature simplifies organisation and retrieval
- Robust design withstands repeated stacking and handling
- Crisp blue colour aids quick visual identification
- Interlocking system enhances storage stability
- Generous 68L capacity accommodates various storage contents
- Simple structure enables easy stacking and access
