Description

Fischer Clear Store Tub 68L (Special Order) is a stackable storage bin designed for effective organisation of parts and tools in indoor settings. Its clear construction permits easy visual identification of contents, and its polypropylene build provides durability and resilience. Engineered for efficient space use and secure stacking, it offers trade professionals a practical solution for optimising storage and simplifying inventory management tasks.

Features

- Stackable design optimises vertical storage space
- Constructed in durable, chemically resistant polypropylene material
- Clear design enables easy content visibility during selection
- Fixed capacity of 68 litres suits substantial storage demands
- Robust build withstands frequent handling and heavy usage
- Designed with simplified assembly for quick setup
- Lightweight construction facilitates efficient mobility and repositioning
- Engineered with precision for reliable long-term performance
