Description

Fischer Blue Store Tub Nesting Crate Lid is a set of stackable storage bins constructed from durable polypropylene for indoor use. It offers a practical solution for organising and storing various items in a workspace, enabling efficient use of space and easy retrieval. The nesting design promotes systematic order and maximises storage capacity, benefiting commercial and trade professionals in managing daily operational tasks reliably and effectively.

Features

- Stackable design for efficient storage and easy transport
- Durable polypropylene build for long lasting performance
- Interlocking configuration provides secure nestable stacking
- Blue finish adds visual distinction in storage settings
- Compact design maximises available space usage
- Integrated lid ensures secure containment and easy access
- Simple clean lines offer straightforward maintenance and cleaning
- Modular form enables flexible configuration to meet varying needs
