Description

Fischer Blue 8L Stor Pak is a stackable storage bin constructed from polypropylene designed for indoor use by trade professionals. It delivers practical storage for tools, components and small parts in busy workspaces. The blue finish aids in quick identification, while the robust, stackable design maximises available space and organisational efficiency. This product provides a reliable solution for managing inventory and maintaining order in various professional settings.

Features

- Bright blue storage bin for quick visual identification
- Constructed from durable polypropylene for reliable storage
- Stackable design improves material arrangement and space efficiency
- Optimised for indoor use with clear storage organisation
- Secure construction maintains bin integrity during regular handling
- Compact 8-litre capacity meets varied storage requirements
- Robust design supports routine material handling tasks
- FISCHER quality guarantees dependable performance with everyday usage
