Fischer 80mm Mesh Pak (Special Order)

Description

Fischer 80mm Mesh Pak (Special Order) is a clear stackable storage bin constructed from polypropylene designed for efficient indoor organisation by trade and industrial professionals. Its stackable design provides a practical solution for maximising space and ensuring accessibility. The visible, durable material allows for quick identification of contents while supporting systematic operations in busy settings. The product is engineered to offer reliable performance and ease of use in varied, professional workspaces.

Features

- Durable polypropylene construction supports repeated stacking and handling
- Clear design facilitates easy visual identification of stored items
- Stackable design maximises storage efficiency in tight spaces
- Robust construction withstands daily operational demands with ease
- Precision engineering ensures uniform fit and aesthetic clarity
- Modular stacking offers customisable organisation for diverse inventory
- Designed for reliable performance during routine handling operations
- Special Order availability provides tailored sizing solutions for clients

Product Code: F1H-200MPC

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Clear

Construction

Product Material 1	Polypropylene

Dimensions

Product Height (mm)	165
Product Width (mm)	445
Product Length (mm)	200

Weights

Product Weight (kg)	0.516
Product Weight (grams)	516
Volume Capacity (L)	11.75
