Description

Fischer Spare Parts Tray with Removable Dividers is designed for the systematic organisation of components for professionals in the industrial and trade sectors. The tray features removable dividers that allow customisable layouts, enhancing user efficiency. Constructed from Cals Carb PP in grey, it provides robust support and clear separation of parts. Its straightforward design and tangible technical benefits deliver practical solutions for component management in controlled indoor environments.

Features

- Durable construction from high-quality Cals Carb PP
- Customisable removable dividers for flexible parts organisation
- Grey finish offers a clean, professional aesthetic
- Lightweight yet robust design for easy handling
- Reliable tray maintains order for multiple spare parts
- Clear design improves parts organisation during repairs
- Simple, intuitive structure supports quick spare parts retrieval
- Engineered with durable materials for long-lasting performance
