

Description

Fasty 2M x 25mm Tie Down Straps 400kg are built with a robust steel mechanism and durable polyester webbing, offering reliable tensile strength for securing loads.

Designed for both indoor and outdoor use, these straps provide a practical solution for trade professionals requiring dependable load retention. The blue colour allows for easy identification and streamlined organisation, while the design ensures consistent performance in a variety of applications where secure fastening is essential.

Features

- Durable steel mechanism ensures secure fastening
- Polyester webbing provides flexibility with low stretch during use
- Suitable for both outdoor and indoor applications
- Engineered for reliable performance in dynamic conditions
- 400kg load capacity offers strong retention under pressure
- Compact design aids efficient storage and handling
- FASTY brand guarantees trusted construction and quality materials
- Blue finish enhances visibility without compromising technical performance

Product Code: FASTY123
