

Product Code: FASTY124

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Appearance

Product Colour	Red
----------------	-----

Construction

Product Material 1	Steel Mechanism
Product Material 2	Polyester Webbing

Description

Fasty 2.5M x 25mm Tie Down Straps 400kg provide durable securing solutions using a steel mechanism and polyester webbing. Designed for both outdoor and indoor applications, they offer reliable load stabilisation in various settings. These tie down straps support efficient transport, logistics and storage processes by ensuring firm load control and ease of handling. Their practical construction benefits trade professionals requiring dependable performance in cargo management and asset protection.

Features

- Robust steel mechanism supports secure tie down procedures
- Durable polyester webbing handles outdoor and indoor loads
- Red colour offers high visibility during operations
- Engineered for reliable securing on various cargo surfaces
- Simple design provides ease of use and application
- Lightweight construction aids handling without compromising strength
- Versatile tie down ensures stability during transport tasks
- Proven FASTY quality guarantees dependable performance under strain

Weights

Product Weight (grams)	73
