

Product Code: FASTY125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Appearance

Product Colour	Black
----------------	-------

Construction

Product Material 1	Steel Mechanism
Product Material 2	Polyester Webbing

Description

Fasty 3.5M x 25mm Tie Down Straps 400kg is constructed with a durable steel mechanism and high-quality polyester webbing. The strap provides a reliable solution for trade and industrial professionals requiring secure load management. Its black colour and versatile design support both indoor and outdoor applications. The product delivers practical functionality and robust technical performance for efficiently fastening and stabilising loads during transportation.

Features

- Black tie down straps using polyester webbing with steel mechanism
- Outdoor and indoor applications provide versatile usage capability
- Steel mechanism ensures secure operation during load retention
- Robust polyester webbing offers enhanced load distribution
- Precision engineering offers reliable performance
- Easy integration with various securing systems
- Engineered for safe transport and load management
- Crafted with trusted FASTY quality construction
