

Description

Easyroll Floor Locks 219-247mm (Special Order) is a floor lock engineered for precision and secure access control. Designed from SPHC and finished in green and blue, it provides a clear visual identifier while ensuring consistent operational performance. The lock offers a practical solution for trade professionals and adds value for those in industrial roles through its robust construction and reliable mechanism, supporting effective management of critical access points.

Features

- Durable SPHC construction ensures long-lasting operation
- Precision dimensions available support tailored installations
- Simplified locking mechanism enables secure floor engagement
- Robust design withstands repetitive use without performance loss
- Distinct green blue finish enhances user identification
- Engineered for strength and ease of operation
- Easy installation reduces overall setup time
- Tested design maintains performance under demanding conditions

Product Code: FL8

Appearance

Product Colour Green/Blue

Construction

Product Material 1 SPHC

Dimensions

Product Height (mm)	219-247
Product Width (mm)	203
Product Length (mm)	142

Weights

Product Weight (grams)	1887
