Carinya 190 x 40 x 4mm Hot Dipped Galvanised Mending Plate

BRACKET DIMENSIONS

Description

Carinya 190 x 40 x 4mm Hot Dipped Galvanised Mending Plate is manufactured from hot dipped galvanised steel to provide robust and precise reinforcement solutions for various construction applications. It secures connections and supports stability, offering reliable technical performance that industrial and trade professionals appreciate for its consistent strength and durability. Its exact dimensions and engineered design contribute to efficient installation and long-lasting reliability.

Features

- Constructed from hot dipped galvanised steel
- Precision dimensions ensure stable bracket repair
- Robust design built for reliable mending applications
- Engineered for durability and sound bracket repairs
- Consistent mending plate dimensions support uniform repair compatibility
- Designed to maintain accurate repair alignment
- Hot dipped galvanisation provides extra surface durability
- Engineered with simplicity to support efficient repair installations

Product Code: G190

Dimensions

Product Length (mm)	190
Product Width (mm)	40
Product Height (mm)	4
Product Thickness (mm)	4
Diameter of Fixing Holes (mm)	6.3/10.3

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Hot Dipped Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
