

**Product Code: G2002**

## Specifications

|                   |          |
|-------------------|----------|
| Outdoor Use       | Yes      |
| Indoor Use        | Yes      |
| Hardware Included | Yes      |
| Seal Type         | Standard |

## Appearance

|                |             |
|----------------|-------------|
| Product Colour | Green/White |
|----------------|-------------|

## Construction

|                    |                                      |
|--------------------|--------------------------------------|
| Product Material 1 | Polyethylene/Polypropylene/<br>Steel |
|--------------------|--------------------------------------|

## Description

GDM Atomizer Sprayer 1L is designed for precision liquid application and reliable performance. Constructed from polyethylene, polypropylene and steel, this green and white atomizer sprayer delivers consistent and even spray coverage. With hardware included and a standard seal, it facilitates straightforward setup and secure operation. It provides trade professionals with a dependable solution for applications requiring effective liquid dispersion indoors and outdoors.

## Features

- Engineered with polyethylene, polypropylene and steel
- Designed for both indoor and outdoor spray applications
- 1L capacity for extended spraying operations
- Includes all necessary hardware for immediate utilisation
- Green and white finish enhances visual identification
- Features a standard seal for secure liquid containment
- Robust components ensure durability in various spraying tasks
- Simple operational design for precise control and application

## Weights

|                        |       |
|------------------------|-------|
| Product Weight (grams) | 98    |
| Product Weight (kg)    | 0.098 |
| Volume Capacity (L)    | 1     |
