

Product Code: G71TS63K100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Description

Easyroll 100mm Grey Urethane Bolt Hole Brake G7 Series Castor 100kg is built with a stainless steel housing and ball-bearing arrangement for controlled movement and effective total braking. The castor features a polypropylene core and polyurethane wheel for smooth load transport and dependable manoeuvring. Its bolt fitting and single raceway design deliver secure and consistent performance, making it a valuable solution for professionals seeking precision and reliability in demanding commercial applications.

Features

- Stainless steel housing and bearings ensure long-lasting durability
- Polyurethane wheel provides smooth manoeuvrability and impact absorption
- Polypropylene wheel cores reduce weight without compromising strength
- Total brake type prevents unintended movement on various surfaces
- Bolt hole fitting simplifies secure installation and replacement
- Ball bearings with single raceway offer reliable rotation performance
- Compatible for both indoor projects and outdoor applications
- G7 series design supports heavy loads and precise manoeuvring

Dimensions

Product Length mm	135
Product Width mm	59
Product Height mm	135
Wheel Diameter	100
Tread Width mm	32
Finish Height mm	135
Mounting Size (G) mm	M12
