Carinya 140 x 75 x 50 x 3.5mm Hot Dipped Galvanised Reinforcing Angle Bracket

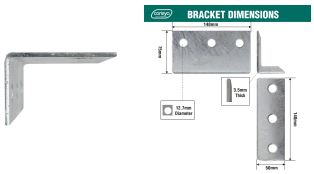

Description

Carinya 140 x 75 x 50 x 3.5mm Hot Dipped Galvanised Reinforcing Angle Bracket is designed for accurate structural reinforcement where precise load distribution is essential. Manufactured from hot dipped galvanised steel, it offers durability and strength that professionals value for secure applications in construction and trade projects. The bracket's technical design facilitates reliable assembly and integration, supporting frameworks efficiently while ensuring consistent performance under demanding conditions.

Features

- Made from hot dipped galvanised steel for enhanced durability
- Engineered precise 140 x 75 x 50 x 3.5mm dimensions
- Hot dipped galvanisation enhances long lasting rust resistance
- Engineered to provide reliable structural reinforcement
- Suitable for standard and custom applications
- Robust finish withstands harsh environmental conditions
- Maintains form and strength under load
- Precision design ensures accurate installation in assembly

Product Code: GBA140

Dimensions

Product Length (mm)	75
Product Width (mm)	50
Product Height (mm)	140
Product Thickness (mm)	3.5
Diameter of Fixing Holes (mm)	12.7

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Hot Dipped Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
