Carinya 190 x 75 x 50 x 6mm Galvanised Reinforcing Angle Bracket

Description

Carinya 190 x 75 x 50 x 6mm Galvanised Reinforcing Angle Bracket is a robust solution constructed from galvanised steel and finished in a hot dipped galvanised colour. It is designed to provide secure mechanical support and reinforcement in various applications. The angle bracket offers reliable strength and precise dimensions for connecting components, supporting sophisticated engineering setups and ensuring consistent performance in trade settings. Its design delivers repeatable accuracy and durability for demanding projects.

Features

- Robust hot dipped galvanised steel construction
- Precise dimensions 190x75x50x6mm for reliable reinforcement
- Hot dipped galvanisation protects against corrosion
- Constructed from durable galvanised steel for strength
- Simple design improves installation time and accuracy
- Bracket offers secure attachment for reinforcement needs
- Design supports precise alignment in structural applications
- Manufactured for consistent performance and ease of use

Product Code: GBA1906

Dimensions

Product Length (mm)	75
Product Width (mm)	50
Product Height (mm)	190
Product Thickness (mm)	5.9
Diameter of Fixing Holes (mm)	11.8

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
