

Description

Rocket 125mm Grinding Discs Steel - 10 Piece is designed for precision grinding tasks. Manufactured by ROCKET, these black and silver discs are built from aluminium oxide and are suitable for use with angle grinders at speeds up to 12,200 RPM. Their durable construction supports reliable material removal and efficient performance during professional outdoor and indoor applications.

Features

- High-performance aluminium oxide construction delivers precise grinding action
- Designed for angle grinder compatibility during heavy material removal
- Operates safely at maximum 12,200 rotations per minute
- Suitable for indoor and outdoor industrial tasks
- Engineered for consistent performance under demanding conditions
- Compact 125mm format accommodates space limited applications
- Robust design optimises abrasive use without excess waste
- Rugged black and silver finish suited for tough projects

Product Code: GDM125622

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12,200
Suits Tool Type	Angle Grinder

Appearance

Product Colour	Black/Silver
