

SIT Brass Crimped Wire Wheel 100mm x M6

Description

SIT Brass Crimped Wire Wheel 100mm x M6 is a durable tool designed for cleaning, deburring and surface preparation tasks. Its brass construction and crimped wire design offer effective performance during routine maintenance and follow-up processing. The tool provides consistent brushing action up to 10,000 RPM, making it a valuable component for trade professionals working with a range of materials in both indoor and outdoor applications.

Features

- Durable brass crimped wires maintain consistency at high rpm
- Brass construction withstands prolonged outdoor and indoor use
- Operates at speeds up to 10000 rpm
- Reliable crimped wire design ensures thorough cleaning
- Brass/silver finish suits varied work surfaces
- Lightweight design offers operator control and precise handling
- Compact 100mm size facilitates use in tight spaces
- Engineered for improved surface cleaning and durability

Product Code: GG102BRS
