

Product Code: H64A38K75

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Fitting Type	Threaded Stem

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Plastic
Bearing Material	Carbon Steel

Description

Colson 75mm Twin Wheel Swivel H6 Series Castor 75kg. This castor is engineered for precise movement and effective load handling in professional trade applications. Designed with a nylon wheel core and urethane wheels, it features a precision bearing system with carbon steel and plastic housing. Its threaded stem fitting and bolt-secured design offer a reliable and technically advantageous solution for moving equipment both indoors and outdoors.

Features

- Precision bearing ensures smooth and accurate swivel movement
- Nylon wheel cores enhance durability in diverse applications
- Urethane wheels resist abrasions for extended operational life
- Threaded stem fitting simplifies secure and stable installation
- Plastic housing offers lightweight yet sturdy construction
- Carbon steel bearings deliver consistent performance over extended use
- Suitable for outdoor and indoor environments
- Twin wheel design provides stability and manoeuvrability across surfaces

Dimensions

Product Length mm	58
Product Width mm	NA
Product Height mm	172
Wheel Diameter	75
Tread Width mm	59
Finish Height mm	94
Bolt Thread Length (mm)	25
Bolt Thread Width (mm)	12
Mounting Size (G) mm	M12
