

Product Code: HDAB1506

Description

Carinya 150 x 150mm Black Heavy Duty Angle Bracket is a robust bracket constructed from powder coated steel that delivers durability and precision. Suitable for providing secure structural support in various frameworks, this component meets the practical needs of trade professionals. Engineered to maintain alignment and enhance stability, it offers a reliable solution for load-bearing applications, ensuring straightforward installation and long-lasting performance while supporting efficient and accurate assembly tasks.

Features

- Constructed of durable powder coated steel
- Heavy duty bracket engineered for secure angular support
- Precision design ensures accurate alignment in construction projects
- Robust black finish enhances visibility and durability
- Engineered for reliable performance in structural reinforcement
- 150 x 150 mm size for robust angular joint support
- Carinya quality craftsmanship ensures long-lasting performance
- Simple design facilitates straightforward installation and maintenance
