

Product Code: HDAB3006

Description

Carinya 300 x 300mm Black Angle Bracket is designed to provide precise support and stability in various construction frameworks. Manufactured from powder coated steel, it ensures secure and accurate alignment for mounting applications. Its robust construction and reliable design offer practical reinforcement for structural assemblies, making it a valuable component for trade professionals seeking dependable, high-quality fixing solutions during repair and installation tasks.

Features

- Powder coated steel construction for reliable durability
- Precision engineered angle bracket for secure structural support
- Engineered design ensures precise support in all applications
- Flawless powder finish resists wear and enhances appearance
- 300 x 300mm design fits standard bracket requirements
- Black colour blends with multiple design schemes
- Simple design enables straightforward structural integration
- Carinya bracket exhibits crisp angles and refined finishes
